Topic: Basic Floodplain Management Workshop with “hands-on” mapping exercise at a 101 level.

Date and Time: **NEW Tuesday, February 27th: 8 am - 12 pm**

Length of Time: 4 hours - (Includes time for audience questions.)

TITLE: Basic “Hands-on” Floodplain Management and Mapping Exercise Workshop

This training will explore basic floodplain management training via interactive in-depth discussions on how to use floodplain hazard maps, and how floodplain ordinances are used to administer and enforce local floodplain regulations and review permits. Interactive mapping exercise will be used, and discussion will include flood insurance basics and how substantial improvement and substantial damage can trigger property owner compliance.

This workshop will build the foundation for the next day intermediate permit training.

- 1) Conduct floodplain mapping exercise (maps will be provided)
- 2) Review model ordinance
- 3) Permit Checklist review

Materials needed for workshop:

Laptop (preferable not required)

NEW.... *The workshop training will be held at the Delta Colonial Inn - Helena, MT*

REGISTRATION REQUIRED -
