

25th Annual AMFM Conference

Holiday Inn Missoula Downtown | Missoula, MT | February 25th – 28th, 2025

A CONFLUENCE ALONG THE CLARK FORK

2025 AMFM Pre-Conference Workshops Tuesday, February 25th, 2025

Pre-registration politely requested,

Email: Shylea Wingard, DNRC Floodplain Planner, at: Shylea.wingard@mt.gov

Workshop #1: “Floodplain Basics 101”

TIME: 9:30 AM – 12:00 PM

New to floodplain? Want to learn more? This workshop will help floodplain administrators and community officials navigate floodplain basics to manage local floodplain programs, permit development, and answer floodplain regulation questions, and better explain flood insurance basics.

Instruction by: Traci Sears, State NFIP Coordinator and Nadene Wadsworth, Floodplain Mapping Outreach
Assisted by: DNRC Floodplain- Community Assistance Program (CAP), Flood Risk/Mapping (MAP,) and Regional Engineers

Workshop #2: “Floodplain Bootcamp” – Session #6A

TIME: 1:15 PM – 3:30 PM

How to Use the FIRMS: In-person Mapping Session. This workshop will build upon previous Floodplain Bootcamp mapping sessions by offering a “hands-on”, in person training on how to use paper and digital Flood Insurance Rate Maps (FIRMS).

Prerequisite: It is recommended participants have a basic understanding of FEMA’s maps and FIRMS or at least attended Bootcamp mapping sessions to ensure there is a foundation for this intermediate level training.

Instruction by: Peri Turk, Larry Schock, and Ryan Murphy (DNRC Regional Engineers)
Assisted by: DNRC Floodplain- Community Assistance Program (CAP), Flood Risk/Mapping (MAP,) and Regional Engineers

Workshop #3: “Letter of Map Changes (LOMCs)”

TIME: 3:30 PM – 4:30 PM

What is a LOMC? What is a Conditional Letter of Map Change (CLOMC)? When should they be used? More importantly how should they be submitted in the permitting process? and when should local officials sign the Community Acknowledgment Forms? If you don’t know the answer to these questions or feel a little hazy about the process, the DNRC Regional engineers have planned this workshop to help you! Bring all your burning questions.

Instruction by: Peri Turk, Larry Schock, and Ryan Murphy (DNRC Regional Engineers)
